

**Hello class!**

Our next lesson is about making predictions. The lesson is on page 40 in our textbook. Again, I have posted the page on the “Online kurzusok” so that everyone can have access.

Please copy the explanation and examples from the blue box. Then watch this cute girl on Youtube for further explanations on the difference between “will” and “be going to”.

<https://www.youtube.com/watch?v=eoQQ833cPQ8>

Next do exercises 1, 2 and 3 in your notebook.

Also, we will have our next video call on Thursday, 26<sup>th</sup> of March, at 11 am. On the call we are going to discuss the answers to these exercises and we will discuss the following:

- What will I be when I grow up?

Cheers, have no fears!
